

SAVE VICTORIA HARBOUR

- Developers have an application before the Provincial Government to lease a 6.4 acre Crown Land Water Lot in Victoria's Harbour, effectively **PRIVATIZING** our public harbour for a mega yacht marina
- This project poses a serious threat to **Safety** and the **Environment** as well as **Riparian Rights and Navigable Waters Act** issues
- The harbour is the jewel of Victoria — a hub of recreational, tourist and economic activities — enjoyed by tens of thousands annually
- Paddling groups, ferry and sea plane operators, business owners, residents, tourists, Victoria City Council, Provincial and Federal Politicians, Community Associations, Environmental Experts and former Mayors have all expressed grave concerns over this proposal
- A petition opposing the marina, containing over **7,000 signatures**, was formally presented to the Provincial, Federal & Municipal Governments

**Allocation of Crown Lands must be for the
BENEFIT OF THE PUBLIC — not for the benefit
of a single developer!**

**SIGN and SEND THIS CARD TODAY
ASKING THE MINISTER TO DENY THIS
APPLICATION! LET HIM KNOW OUR
HARBOUR IS NOT FOR SALE!**
